Where Huntsmen Bag Their Game.

Joseph D. Wheeler, on Wednesday,
bagged twenty birds on the Benning
marshes. Eight of these were reed-
birds, five were orioles, and seven were
snipe. It is an unusual occurrence to
shoot so many snipe in a day on the local
marshes.

Few huntsmen went out yesterday on
account of the bad weather. All the
bags brought in were small.

Information for Fishermen

The water today at Great Falls is
muddy and registers 1. The same con-
dition prevails in both rivers at Har-

Local anglers say that fishing in the
vicinity of Georgetown will be at a
standstill for several days. The owners
of trout lines have been successful late-
ly in catching Mississippi catfish. They
are said to be numerous.

TRIAL BOARD DIRECTED TO CHANGE ITS VERDICT

Latest Complications in Case of Street
Crossing Policeman Edwards.

Commissioner West yesterday after-
noon returned to the Corporation Coun-
cil the papers in the case of Street
Crossing Policeman Channing M. Ed-
wards, who was recently found not
guilty by the trial board of non-pay-
ment of a debt. On September 28 the
Corporation Council submitted an op-
inion on the case, challenging the au-
thority of the trial board to return a
finding of "not guilty," when a judgment
had previously been obtained from a
justice of the peace.

Acting upon this opinion, the Commis-
sioner returned the papers to the trial
board with instructions for it to change
its finding to guilty. In the meantime,
however, the attorney for Edwards filed
additional papers for the consideration
of the Commissioners and the Corpora-
tion Council. These have been sent to
the Corporation Council for determina-
tion as to whether or not he wishes to
alter his former opinion.

MOTOR CYCLES EXEMPT FROM USE OF LAMP

Commissioner West has recommen-
ded that section 3, Article XXIV, of
the police regulations be amended so as
to exclude from its provisions the plac-
ing of a lamp on motor cycles. This
action was outlined in The Times two
weeks ago.

REPORT OF WORK DONE ON STREET EXTENSIONS

General Review of Operations During
Past Fiscal Year.

A report of the work on street ex-
tensions for the fiscal year ended June
30, 1933, was submitted to the Commis-
sioners late yesterday afternoon by As-
sistant Engineer Richards.

No street extensions were authorized
by special acts of Congress, and the only
condemnation was for the opening of
alleys in squares 514, 599, and 973.

Reports, estimates and maps have been
made on the various bills or requests
for street opening or extensions.
Under authority of an amendment to
the "highway act," a plan of readjust-
ment of streets in the vicinity of Fourth
Street east and the Bunker Hill Road
was made during the year and recorded
in the office of the Surveyor of the Dis-
trict of Columbia.

The special maps of the engineer's of-
fice, relating to subdivisions and records
of highways, have been added to from
time to time so as to keep the latest
record, and a number of these have been
lithographed for use in the different de-
partments of the District government.

ORIGINAL POLICEMAN ASKS TO BE RETIRED

Private Charles R. Vernon, one of the
two surviving members of the original
police force, has asked to be retired af-
ter forty-two years' service.

Private Vernon has occupied every of-
fice of the department from the hum-
blest to that of Acting Superintendent.
In reviewing his record, Major Sylves-
ter was so impressed with the faithful
service it records that he paid tribute
to Private Vernon and has recom-
mended that he be retired on a pension
of \$75 a month, instead of the regular
pension of \$50.

The matter has been referred by
Commissioner West to the Auditor of the
District.

MORE SCHOOL ROOM NEEDED.

The school board's recommendation
to the District Commissioners for a new
eight-room school building in George-
town meets with the hearty apprecia-
tion of the citizens. The Georgetown
schools cannot accommodate all of the
applicants. The present overflow could
immediately fill an eight-room building.
The two-story brick dwelling just to
the east of the Curtis school building,
on O Street, has been leased by the
District, and is being used as a kinder-
garten school.
